REMARKS

Reference is made to the Manual of Patent Examining Procedure (MPEP), Edition 8 (E8), August 2001, Chapter 500, Section 503, pages 500-14 and 500-15. On page 500-14 under the heading "Return Postcard, beginning at line 6, it is stated:

"A postcard receipt which itemizes and properly identifies the items which are being filed serves as *prima facie* evidence of receipt in the USPTO of all the items listed thereon on the date stamped thereon by the USPTO. "

Applicant contends that Figure 7d was, in fact, deposited in the United States Patent and Trademark Office with the nonprovisional application papers.

We submit a copy of the postcard receipt datestamped by the Office as *prima facie* evidence and a second postcard receipt (wherein the Office affixed a sticker which identifies the application number and filing date) as further *prima facie* evidence. Each postcard itemizes the required separate components of the application papers in accordance with MPEP, Chapter 500.

We contend that 12 pages of drawings (including Figure 7d) were submitted to the Office at the time of filing as is evidenced in the postcard. The person receiving the items in the USPTO checked the listing on the postcard against the application papers being filed and did not indicate on the postcard that there were any missing pages.

We believe that we have provided the Office with *prima facie* evidence that 12 pages of drawings were submitted and respectfully request that the missing page, namely Figure 7d, be included with the original filed application papers.
